

# Compuware World Headquarters

*Detroit, Michigan*

*“The acid etched pigmented precast panels on the parking garage are an excellent match to the natural limestone on the Compuware World Headquarters building.”*

*Matt Jobin,  
Rich & Associates, Inc.*

*“Plagued by difficult site conditions, a tight schedule and design challenges, precast concrete was the solution that brought this mega parking structure in on-time and below budget.”*

*Matt Jobin,  
Rich & Associates, Inc.*

Located in downtown Detroit, Michigan, the mixed-use precast parking garage at Compuware World Headquarters also accommodates store front retail space, a day-care center, as well as the monorail system for the metropolitan area. This 12 story 2,200 space precast garage features 16,000 sq. ft. of retail space.
